Jim, would you please forward this email to the appropriate person? I am working out-of-state through Thursday, or I would track it down myself. Thanks!

Hello, the contacts page on the state website is currently down – if you are not the person this email should go to, please forward it to the appropriate person. Thanks!

We received, on CD-ROM, two copies of the above referenced document. While we are happy to place hard-copies on documents in our government documents collection so that the public may view them, we do not have a dedicated stand-alone cd-rom station. Moreover, for security reasons, the cd-rom drives on the computers that are equipped with them have been disconnected.

If you would like us to make the above referenced document available to the public, please mail us a hard copy of it.

Thank you,
KJ
